

OREGON DIGITAL 2.0: New look and functionality

Oregon Digital on Hydra Sufia launched in 2014. While it was an improvement over ContentDM, we needed to:

- Move to Hyrax
- Modernize the site's look and feel
- Improve accessibility and usability

MODERNIZE

- Contracted with design firm Madison Avenue Collective for information architecture, look & feel
- Additional wireframes built by UO

ACCESSIBILITY & USABILITY

- Audit & training with Deque Systems to improve accessibility
- Enabled SSO authentication for both institutions
- Conducted focus groups
- Built out My Collections (aka MyShelf)
- Wrote/revised Harmful Content statement, Collection Policies, Mission & Vision

WHAT'S NEXT

- New version will launch in early 2023!
- Work from Software Services by scientist.com -- Bulkrax and Analytics will be implemented after we celebrate and rest
